PROJECTS [Links attached on titles]

- [PCO META EARTH](#) [Front-end Development(Next.js - Web3)]

[PCO META EARTH](#) A 3D globe DX Trade DAPP for buying and selling land, with easy conversion to NFTs for transactions. Developed with web3 and smart contract SDK. [VPN Need](#)

- [FARIBORZZ.IR](#) [Front-end Development(Next.js- Web3)]

[FARIBORZZ.IR](#) is my portfolio website showcasing my resume. It's crafted with GSAP for animations, Locomotive Scroll for smooth scrolling, and Tailwind CSS for UI development. Notably, I integrated a section for coffee donations using crypto, powered by Web3Modal SDK and PME smart contract [VPN Need](#)

- [Nordes.ir](#) [Front-end Development(Next.js)]

[Nordes.ir](#) is a marketing and development agency where I co-founded and led development. The platform was built with Next.js for robust performance and shadcn/ui for sleek UI design. Lottie animations were integrated to enhance user engagement and visual appeal.

- [IMIS APP](#) [Front-end Development(Next.js)]

[IMIS APP](#) is a cutting-edge shopping PWA (Progressive Web Application) with native-like performance. It seamlessly adapts to dynamic themes and conditions, catering to both marketplace and single shop modes. Developed using Next.js and Tailwind CSS, it offers unparalleled versatility and user experience. [JUST OPEN WITH MOBILE](#)

- [IMIS WEBSITE](#) [Front-end Development(Next.js)]

[IMIS WEBSITE](#) is a state-of-the-art shopping PWA (Progressive Web Application) that dynamically adjusts to various themes and conditions, serving both marketplace and single shop modes seamlessly. This versatile platform supports multiple languages and offers multi-view functionality with a shared logic core, allowing for easy UI/view customization through CLI commands during build time.

- [ORKIDEH APP](#) [Front-end Development(Next.js)]

[ORKIDEH APP](#) is a cutting-edge shopping PWA tailored for Orkideh Restaurant, enabling users to locate nearby branches based on their current location. Developed with Tailwind CSS and Next.js, this app delivers a seamless and intuitive user experience. [JUST OPEN WITH MOBILE](#)
